Thank you for selecting the Nintendo Entertainment System Ninja Kid Game Pak.

1. OBJECT OF THE GAME/GAME DESCRIPTION

The junior defender of human rights, Ninja Kid, battles the notorious monsters of Demon Island, would-be conquerors of the free world. These monsters have set up a series of traps as a first step in their goal to conquer the world. A magic scroll, a fast-flying kite, and an old witch's chanting spell are among Ninja Kid's many weapons against these evil spirits. He survives a wicked dogfight, fights enormous fires and duels against the giant demons in order to recover stolen spirits.

But Ninja Kid's biggest clash is still ahead of him! He must fight the ferocious Giant Demon, ruler of the infamous Demon Island. With your help, Ninja Kid can conquer all evil and restore peace to the world.

Please read this Instruction Booklet carefully to ensure proper handling of your new game. Save the Booklet for future reference.

3. HOW TO PLAY THE GAME

GAME SEQUENCE

This is a great adventure, action game, with four sections or scenes.

1. Demon Island Map
2. Four Different Fighting Fields
 - a) Guerilla Warfare
 - b) Poison Fields
 - c) Dog Fight
 - d) Blazing Inferno
3. Demon Hell
4. Demon Castle

This game's main objective is to destroy Demon Castle, which is occupying the area and threatening the existence of Shangri-La. But Demon Castle has been closed off by strong magic, and no one can get near it. To free the Castle from this magic, a special scroll and an old witch's chanting spell are needed.

The Four Different Fighting Fields have a different game objective than those of the other sections.

DEMON ISLAND MAP

Ninja Kid can walk around Demon Island Map looking for the special scroll that will restore peace to the area. After obtaining the scroll, he goes to the old witch's house to get the chanting spell. Afterwards, Ninja Kid can go to the Demon Castle.

POISON FIELD

GUERRILLA WARFARE

BLAZING INFERNO

FLOWER FIELD

SPECIAL SCROLL

- The Fighting Fields appear on the Demon Island Map. They change position through the use of magic. Even on the same map, the positions of the Fighting Fields are sometimes different.

- When Ninja Kid enters the Mystery Field, he does not know which field he will encounter. It could be any of the Four Different Fighting Fields.
- After getting through each field, the inside of the map changes to Flower Field.

OBJECTIVES OF THE FOUR DIFFERENT FIGHTING FIELDS

1. DOG FIGHT

In this field, Ninja Kid flies on a kite, and fights off demons. Once he has beaten 10 demons, he will get through the field, and the game is clear.

2. POISON FIELDS

Ninja Kid must collect 10 demon spirits in this field. Once he has accomplished this, he will get through this field, and the game will be clear.

3. BLAZING INFERNO

Ninja Kid must light 10 candles with a lighter in order to get through

this field and clear the game.

4. GUERRILLA WARFARE

Once Ninja Kid has beaten 10 demons, he will get through this field and clear the game.

DEMON HELL/VERTICAL SCROLL GAME

Ninja Kid cannot return to the Demon Island Map until he has beaten the giant demon, ruler of Demon Hell.

- Ninja Kid cannot beat the giant demon until he attacks his weakest point.
- In Demon Hell, Ninja Kid cannot use any of his special weapons.

CHALLENGE OF SHANGRI-LA

Ninja Kid battles against the strong demon at Demon Castle in order to restore peace to the area. The demon cannot be beaten unless the damage meter indicates zero.

- When fighting against this strong demon, by attacking his weakest point and using the special weapons, Ninja Kid can inflict the most damage. If Ninja Kid catches any of the whistles, he can call as many friends as the number of whistles he has, with a maximum of three. When his friends are called in to help, Ninja Kid must move to the left side of the screen and squat down. Then his friends will help Ninja Kid by using special, individual techniques.

1. PEGASUS

Protects Ninja Kid from enemy demons. He serves as a shield since he stands next to Ninja Kid and protects him from the enemy's attack.

Pegasus will disappear from the screen after a certain time.

2. BIG EAGLE

Stops the movements of the demons. After Pegasus disappears, move Ninja Kid to the left side of the screen and have him squat down. Big Eagle will then appear and stop the enemy's movement. But, be careful, since the enemy will continue to attack! Big Eagle will also disappear from the screen after a certain time.

3. OLD WITCH

After Ninja Kid is again moved to the left side of the screen and squats down, the Old Witch will appear. She weakens the enemy by throwing magic sand at them. She will also disappear from the screen after a certain time.

4. WHISTLE

After Ninja Kid has achieved 9-out-of-10 objectives in each of the fields, whistles will appear. If he obtains all of his objectives without using the whistles, they will disappear from the screen. If he uses the whistle when fighting against the Demon Castle, he can call in as many friendly demons as the number of whistles he has, with a maxi-

mum of three. To call his friends, Ninja Kid must move to the left side of the screen and squat down.

After destroying the Demon Castle, you can now move on to the next map.
